

# Te Ara Whakatupuranga 2050

Our journey towards achieving **mana motuhake**

In 2007, Whakatupuranga 2050 was adopted as our inter-generational vision towards marae and tribal members achieving mana motuhake.

After this current five-year plan, there will be 5 more cycles until we reach 2050.

## Our challenge: Create the next five-year plan

- flexible enough to adapt to a changing world
- balance the focus on the tribe and the tribal organisation
- create space for Waikato-Tainui whaanui to be involved

To do this, we need to connect what we have learnt, with data that signals what the future might bring.

**TUPU TE TOI, ORA TE TOI, WHANAKE TE TOI!**

# Te Ara Whakatupuranga 2050

Our journey towards achieving **mana motuhake**

## Our Approach

Rapidly growing data and digital economies

## Our Journey

- In 2007, Whakatupuranga 2050 was adopted as our inter-generational vision towards marae achieving mana motuhake.
- After this current five-year plan, there will be 5 more cycles until we reach 2050.
- The way forward – we need to connect what we have learnt, with data that signals what the future might bring.

How do we ensure we have a deep understanding of the changing influences and trends that will impact on our people?

Increasingly autonomous with AI

Economic influences

Responding to climate change

## The Challenge

- create the next five-year plan flexible enough to adapt to a changing world
- balance the focus on the tribe and the tribal organisation
- create space for Waikato-Tainui whaanui to be involved

Maintaining mana motuhake

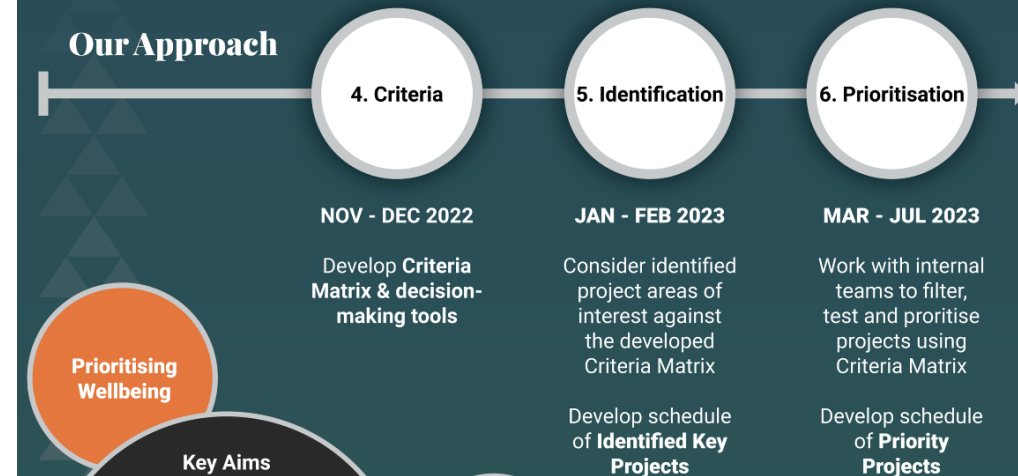

What is our role in this?

# Te Ara Whakatupuranga 2050

Our journey towards achieving **mana motuhake**

## Our Approach

Prioritising Wellbeing

## Key Aims

- This phase**
  - Do the groundwork
  - Produce a draft five-year plan
- Next phase**
  - Starts August 2023
  - Need TWOW approval for plan
  - Socialise plan with Waikato-Tainui whaanui

Launch date – 1st April 2024

Governing Te Taiao

We need kaimahi ready to implement projects that will enable Mana Motuhake for whaanau and marae

We need iwi leaders who will focus on Mana Motuhake while navigating outside pressures

## How will our future look?

We will strengthen our connection, our tikanga, our reo, in the face of these challenges  
**Maintaining mana motuhake.**

Enabling Mana Motuhake through growing whaanau capabilities and rangatahi who will be our future makers
